SENATOR REVEALS PLOT TO BEAT ROOSEVELT; MILLIONS RAISED

Harriman To-Day Replies, Declaring
that He Did Not Contribute
\$50,000 to Get Depew's Place
in U. S. Senate.

ROOSEVELT NOW THOUGHT TO
BE PLANNING THIRD TERM

Conditions Have Changed Since He
Made Pledge on Night of Election
That He Would Not Run Again
—Some Recent Straw Votes.

WASHINGTON, April 4.—Close on the heels of the hot controversy between President Roosevelt and E. H. Harriman comes the report to-day that information was carried directly to the White House recently about the conspiracy of millionaires against the President and his policies. According to this report, the so-called conspiracy accounts for the Administration's sudden activity against some of the big corporate interests. It is said that the plot was accidentally disclosed at a private dinner recently at which a certain United States Senator drank a great deal more wine than was good for him, and while he was at the height of his irrigated enthusiasm he let the cat out of the bag. Before his friends could get a stop order on his tongue he had blurted out the astonishing statement that the Rockefellers, Harriman, Hearst and others had raised a fund of \$5,000,000 for the purpose of defeating any man chosen by Roosevelt to succeed him in the Presidency.

According to the inebriated Senator the plot was already thickening in Ohio and he pointed to the Taft-Foraker fight there as evidence of the truth of what he said. He asserted also that it was at work in Pennsylvania and several other States and that the plotters fully expected to be in control of the next Republican National Convention.

ALL THE FACTS REPORTED TO ROOSEVELT.

All of these facts were carried directly to President Roosevelt. Indeed, Secretary Loeb is said to have been one of the members of the dinner party. If the President has any other information as to the plot of the corporations to down his man in the next campaign he has not made it known to his close friends and advisers.

Those who can hark back to the Republican Convention of 1904 will recall current reports to the effect that Harriman was one of a clique engaged in a little scheme to nominate Senator Hanna and pitch Roosevelt out of the race. It is said that Harriman at that time made the declaration at a little meeting of this kind that he could deliver the delegates of six States for Hanna. Whether this be true or not, it is certain that Roosevelt believes it.

Roosevelt is doubtless no less inclined now to accept as gospel the revelations of the alleged plot of the millionaires as revealed by the drunken Senator.

Harriman Returns to the Attack With New Denial

Harriman to-day reflects upon President Roosevelt's version of the White House conference in the national campaign of 1904, and boldly repudiates the authoritative announcement from the White House yesterday that Harriman contributed because he had political ambition; wanted to sidetrack Depew so that he might be elected to the Senate.

Mr. Harriman to-day issued the following statement relative to the recent exchange of correspondence between himself and President Roosevelt:

"I do not intend to continue this controversy. You, gentlemen (meaning the reporters), must try to help me and not ask me to answer questions the answers of which are self-evident.

"Everybody knows that the contest for the Senatorship in 1904 was between Messrs. Black and Depew, and there could not possibly have been any other candidate. There was no bargain whereby money was to be raised in consideration of having Depew appointed as Ambassador to France or made United States Senator, and my letter to Mr. Webster does not so state. That part of the agreement was for the purpose of harmonizing the Black and Depew forces if it became necessary."

Mr. Harriman had his stenographer read the statement aloud, being
